

Constituent Declaration of Support - Mayday Movement

The Mayday Movement USA is a non-violent, citizen-led protest calling on the U.S. Congress to impeach, convict, and remove Donald Trump from office. We are maintaining a 24/7 presence on the National Mall to demonstrate our unwavering commitment to democracy, accountability, and the rule of law. Find us at maydaymovementusa.org.

Key Reasons for Impeachment:

- Donald Trump has usurped the Article I powers of Congress. He has impounded Congressionally allocated funds. He has dismantled agencies formed by Congress without its approval, such as USAID and the Department of Education. He has empowered DOGE without Congressional approval. Such actions are unconstitutional and destroy the system of checks and balances.
- Donald Trump has defied lawful court orders in an unprecedented manner. He has ignored a unanimous Supreme Court order to return a wrongfully deported Maryland father. He has been found to have likely committed criminal contempt for violating a deportation halt. He has overseen the deportation of migrants under false pretenses despite judicial intervention. Such actions undermine judicial review and obstruct accountability.
- Donald Trump has clearly demonstrated corruption. He has undeniably violated the emoluments clauses of the Constitution by accepting gifts from foreign governments while in office, including the gift of a luxury jet from Qatar. He has openly sold personal access through the \$TRUMP cryptocurrency coin. He has directed DOJ officials to lie in court and drop bribery charges against NYC Mayor Eric Adams in exchange for political favors. He has purged prosecutors for their involvement in January 6th investigations. Such actions place private gain above public duty.
- Donald Trump has shown contempt for the Constitution, for due process, and for democracy. Such actions risk the fall of the USA into tyranny.

Declaration of Support:

I, the undersigned, am a concerned citizen urging my elected representative in Congress to support articles of impeachment against Donald Trump. I believe that failure to act enables further erosion of our democracy, and I respectfully call on my representative to take a stand for the Constitution and the American people. I urge you to take a public position of "YES" on whether you support the impeachment of the President, and to vote in favor of all legislation seeking impeachment.
